## (a) Definitions.

As used in this clause--

- (1) "Components" means articles, materials, and supplies incorporated directly into end products at any level of manufacture, fabrication, or assembly by the Contractor or any subcontractor.
- (2) "Department of Defense" (DoD) means the Army, Navy, Air Force, Marine Corps, and defense agencies.
- (3) "Foreign flag vessel" means any vessel that is not a U.S.-flag vessel.
- (4) "Ocean transportation" means any transportation aboard a ship, vessel, boat, barge, or ferry through international waters.
- (5) "Subcontractor" means a supplier, materialman, distributor, or vendor at any level below the prime contractor whose contractual obligation to perform results from, or is conditioned upon, award of the prime contract and who is performing any part of the work or other requirement of the prime contract.
- (6) "Supplies" means all property, except land and interests in land, that is clearly identifiable for eventual use by or owned by the DoD at the time of transportation by sea.
  - (i) An item is clearly identifiable for eventual use by the DoD if, for example, the contract documentation contains a reference to a DoD contract number or a military destination.
  - (ii) "Supplies" includes (but is not limited to) public works; buildings and facilities; ships; floating equipment and vessels of every character, type, and description, with parts, subassemblies, accessories, and equipment; machine tools; material; equipment; stores of all kinds; end items; construction materials; and components of the foregoing.
- (7) "U.S.-flag vessel" means a vessel of the United States or belonging to the United States, including any vessel registered or having national status under the laws of the United States.

(b) The Contractor shall employ U.S.-flag vessels in the transportation by sea of any supplies to be furnished in the performance of this contract. The Contractor and its subcontractors may request that the Contracting Officer authorize shipment in foreign-flag vessels, or designate available U.S.-flag vessels, if the Contractor or a subcontractor believes that--

- (2) The freight charges are inordinately excessive or unreasonable; or
- (3) Freight charges are higher than charges to private persons for transportation of like goods.

(c) The Contractor must submit any request for use of other than U.S.-flag vessels in writing to the Contracting Officer at least 45 days prior to the sailing date necessary to meet its delivery schedules. The Contracting Officer will process requests submitted after such date(s) as expeditiously as possible, but the Contracting Officer's failure to grant approvals to meet the shipper's sailing date will not of itself constitute a compensable delay under this or any other clause of this contract. Requests shall contain at a minimum--

- (1) Type, weight, and cube of cargo;
- (2) Required shipping date;
- (3) Special handling and discharge requirements;
- (4) Loading and discharge points;

(d) The Contractor shall, within 30 days after each shipment covered by this clause, provide the Contracting Officer and the Division of National Cargo, Office of Market Development, Maritime Administration, U.S. Department of Transportation, Washington, DC 20590, one copy of the rated on board vessel operating carrier's ocean bill of lading, which shall contain the following information--

- (8) Gross weight in pounds and cubic feet if available;
- (9) Total ocean freight in U.S. dollars; and

- (1) No ocean transportation was used in the performance of this contract;
- (2) Ocean transportation was used and only U.S.-flag vessels were used for all ocean shipments under the contract;
- (3) Ocean transportation was used, and the Contractor had the written consent of the Contracting Officer for all non-U.S.-flag ocean transportation; or
- (4) Ocean transportation was used and some or all of the shipments were made on non-U.S.-flag vessels without the written consent of the Contracting Officer. The Contractor shall describe these shipments in the following format:

TOTAL	ITEM DESCRIPTION LINE	CONTRACT ITEMS	QUANTITY
-------	--------------------------	-------------------	----------

(f) If the final invoice does not include the required representation, the Government will reject and return it to the Contractor as an improper invoice for the purposes of the Prompt Payment clause of this contract. In the event there has been unauthorized use of non-U.S.-flag vessels in the performance of this contract, the Contracting Officer is entitled to equitably adjust the contract, based on the unauthorized use.

(g) The Contractor shall include this clause, including this paragraph (g) in all subcontracts under this contract, which exceed the simplified acquisition threshold in Part 13 of the Federal Acquisition Regulation.

**CLAUSE IA-746 WILL BE INCORPORATED IF PROVISION K-280 IS RESPONDED IN THE NEGATIVE BY THE CONTRACTOR.**

---------	---------------------	---	----------

(a) The Contractor has indicated by the response to the solicitation provision, Representation of Extent of Transportation by Sea, that it did not anticipate transporting by sea any supplies. If, however, after the award of this contract, the Contractor learns that supplies, as defined in the Transportation of Supplies by Sea clause of this contract, will be transported by sea, the Contractor--

- (1) Shall notify the Contracting Officer of that fact; and
- (2) Hereby agrees to comply with all the terms and conditions of the Transportation of Supplies by Sea clause of this contract.

**SECTION M**  
**REPRESENTATIONS AND INSTRUCTIONS**  
**EVALUATION FACTORS FOR AWARD**

**M-1                    AWARD WITHOUT DISCUSSIONS**

The Government intends to evaluate proposals and award a contract without discussions with offerors. Therefore, each initial offer should contain the offeror's best terms from a price and past performance. However, the Government reserves the right to conduct discussions if later determined by the contracting officer to be necessary.

**BASIS FOR CONTRACT AWARD**

(1) Performance Price Trade-Off (PPT). This acquisition will utilize the PPT technique to make a best value award decision. Price and Past Performance risk are both treated as areas and may be traded off, one against the other, as addressed in paragraph (d) below. The application of the PPT technique in contract award and selection and approval process is as follows:

(a) All offerors will be ranked by price.

(b) All offerors will receive a performance risk assessment rating of low, moderate, and high, or not applicable.

(c) If the lowest evaluated price offeror has also received a low performance risk rating, this offeror's proposal represents the best value for this acquisition and award shall be made to this offeror, subject to a positive responsibility determination.

(d) The Government reserves the right to award a contract to other than the lowest evaluated price offeror if that offeror receives other than a low performance risk rating. In these cases, price and past performance risk are both treated as equal areas and may be traded off, one against the other. The Contracting Officer shall make an assessment of the price proposed and the performance risk rating assigned and, based upon the special requirements of the acquisition, trade one off the other to determine the best value for the Government.

(2) Past Performance Risk Assessment:

(a) Performance Risk will be evaluated in accordance with FAR 15.305(a)(2). In assessing past performance risk, the evaluators will employ several approaches including: a) reviewing the experience listed in the proposal, b) seeking additional present and past performance information through the use of simplified questionnaires and c) using data independently obtained from other government and commercial sources.

(b) The purpose will be to identify and review relevant present and past performance, and then make an overall risk assessment of the offeror's ability to perform this effort. The PPT process will result in an overall risk rating of low, moderate, high, or not applicable as defined below. This risk assessment represents the Government evaluation team's judgment of the probability of an offeror successfully accomplishing the proposed effort based on the offeror's demonstrated present and past performance.

(1) HIGH. Significant doubt exists, based on the offeror's performance record, that the offeror can perform the proposed effort.

(2) MODERATE. Some doubt exists, based on the offeror's performance record, that the offeror can perform the proposed effort.

(3) LOW. Little doubt exists, based on the offeror's performance record, that the offeror can perform the proposed effort.

(4) NOT APPLICABLE. No significant performance record is identifiable.

(3) The following documents will be evaluated for responsiveness, completeness and compliance with requirements of the Request for Proposal. Incomplete items may be basis for rejection.

- a. A signed copy of the solicitation contract award document, SF 1442.
- b. Completed bid schedule, Section B, ALL CLINS.
- c. Acknowledgment of all amendments.
- d. Completed Representation and Instructions, Section K.
- e. Section G, Section I and Section L, with fill in provisions completed.
- f. Bid Bond as indicated on page 1, block 13, and FAR 52.228-1. Bid Bond

#### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal

process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U. S. Department of Labor  
200 Constitution Avenue, N. W.  
Washington, D. C. 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U. S. Department of Labor  
200 Constitution Avenue, N. W.  
Washington, D. C. 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N. W.  
Washington, D. C. 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U. S. Department of Labor

200 Constitution Avenue, N. W.
